

Note. This graph serves as a general estimate. Each house's payments will be different depending on their individual usage.

Consumer Energy's Budget Plan Details

- We estimate your energy bills for the coming year based on your past energy use, weather trends and projected energy costs
- The total is averaged and divided into 11 equal payments
- The 12th month (May) we'll balance your account. If you used more energy than you paid for, your May bill will include the difference. If you used less, you'll pay less
- It's easy to enroll (Please have your energy bill handy)
 - Call 800-477-5050 and choose option 5, then option 1 and option 1 again
